

Our middle school program consists of grades sixth through eighth. Instruction for this level is geared towards preparing the students for the high school level. Academically, students follow a weekly schedule, which ensures that they are exposed to all grade level (6th -8th) subjects.

COURSE REQUIREMENTS

Topics include Mathematics (General, Integrated, and Pre-Algebra), Language Arts, World Languages (Spanish), and Physical Education, Social Studies (Civics, Geography, and American History), Integrated Sciences, Fine Arts, and a component of computer lab. This program follows the standards set by the Florida Department of Education which ensure that all benchmarks are met. The use of computers and technology is highly encouraged through online reading, interactive programs and writing labs that are accessed from the classroom and computer lab as an informative tool that promotes academic growth and enables students to work on homework as well.

In order to foster community involvement and leadership, students from grades six through eight are encouraged to participate in the Student Ambassador Club which mentors elementary students on Character Education.

Performances and seasonal activities are integrated with purpose of enhancing school spirit thus increasing student motivation. Additional extracurricular activities are offered such as fine arts (drama, dance), journalism and junior varsity sports. Performances and seasonal activities are integrated with purpose of enhancing school spirit thus increasing student motivation.
