Dear Parents,

Registrations for the school year **2019/2020** are now open for our current students. It is imperative that all students pre-register in order to successfully plan for the year ahead.

In addition, in order to receive a pre-registration discount of \$50.00 students must be enrolled no later than February 1, 2019. Furthermore, by your child/children registering in a timely manner, delays on book orders may be avoided.

Our administrators and faculty members look forward to assisting you with any questions or concerns. By working together, we can help our students prosper scholastically and intellectually.

Thank you for your cooperation in this matter as well as for your confidence. Best wishes for the upcoming school year!

Sincerely,

Lissette Brito-Anton
